

Dorset Advocacy

Care Act Referral Link

For Social Service professionals only

- To make a Care Act referral please ensure that the person has a social worker and give us their details on the form.
- Please give us as much detail about the person and the advocacy need as possible. This will save time and could mean the case is allocated to an advocate sooner.
- If the referral is for Safeguarding or a change of accommodation for someone who lacks capacity to make the decision, you will need to complete our IMCA referral forms instead. Download [our IMCA referral forms here](#).
